

FOR IMMEDIATE RELEASE

WEPACKITALL RECEIVES NSF GMP FOR SPORT® CERTIFICATION

WePackItAll is pleased to announce its participation in the NSF Certified for Sport® Program. During its time participating in the NSF GMP program for dietary supplements, WePackItAll continuously asked, "What more can we do to guarantee the safety of the products we package and how can we further integrate safety into our operations and provide additional guarantees to our customers, the industry and its consumers?". The answer to that question was NSF GMP for Sport® and WePackItAll has now acquired this certification for its facilities in California and Texas.

GMP for Sport™

"It is with earnest dedication and a mindset for continuous improvement that WePackItAll continues to make the transition into new value-add programs", states Kristopher Flores, WePackItAll Quality Manager.

NSF's Certified for Sport® Program helps athletes, coaches, dietitians and trainers make more informed decisions when choosing sports supplements. The program is recognized by NFL, NFLPA, MLB, MLBPA, PGA, LPGA, NHL, CPSDA, Taylor Hooton Foundation and CCES.

It has been designed for participating manufacturers and their products that include product testing for over 200 banned substances, label content confirmation, formulation and label review, production facility and supplier inspections, as well as ongoing monitoring in line with substance prohibitive lists: NSF Annex B, NFL, and MLB.

About WePackItAll®:

In business since 1974 and based in Duarte, CA, WePackItAll® is a contract packaging and service company. They specialize in pouch filling, stick packs, blister packaging, bottle filling of tablets, powders, cereals, and liquids as well as other forms of packaging. Staffed with a team of packaging experts and seasoned by decades of industry experience, WePackItAll® combines their customers' products with their technology and resources to provide customized and affordable packaging solutions.
